SUMMARY

Computer Science undergraduate (2nd year) with hands-on experience in AI/ML projects and full-stack web development, backed by strong fundamentals in data structures, algorithms, and object-oriented programming. Passionate about learning cloud technologies, building scalable applications, and collaborating in cross-functional engineering teams.

SKILLS

- Programming: Python, C, C++, JavaScript
- Web Development: HTML, CSS, React.js, Node.js, Next.js
- AI/ML: NumPy, Pandas, scikit-learn
- Computer Science Fundamentals: Data Structures, Algorithms, OOP
- Tools: Git, GitHub, VS Code, Linux
- Cloud: Microsoft Azure (Fundamentals)

EXPERIENCE

Web Development Intern

Online Dimensions, Jisr El Basha, Lebanon | Sep 2025 – Dec 2025

- Developed responsive web applications using HTML, CSS, JavaScript, and React.
- Built and integrated RESTful APIs to support frontend-backend communication.
- Collaborated with team members to write clean, maintainable, and efficient code.
- Debugged and resolved application issues prior to deployment using Git-based workflows.

PROJECTS

Bytewear – Full-Stack Ecommerce Platform (MERN Stack)

Built a full-stack ecommerce application with authentication, shopping cart, order management, and online payments. Implemented JWT-based role access, PayPal integration, Cloudinary image uploads, and an admin dashboard using React and Tailwind CSS.

Soil Report Generation System

Developed a web application to generate, store, and retrieve soil analysis reports with secure user authentication using Supabase and efficient data handling.

Retail Sales Volume Prediction

Built an end-to-end machine learning pipeline for retail sales prediction. Performed data cleaning, EDA, feature engineering, regression modeling, and evaluation using R^2 , MAE, and RMSE.

EDUCATION

B.Tech in Computer Science and Engineering

University of Allahabad, Prayagraj, India
Expected Graduation: May 2028

CERTIFICATIONS

- Machine Learning Specialization
- Networking Fundamentals – Google Cloud
- Basics of Google Cloud Compute
